

Radovan Radovanović, Prof, PhD

Name: Radovan Radovanović

Tel.: + 381 11 31 07 133

e-mail: radovan.radovanovic@kpa.edu.rs

Education:

Undergraduate studies: Faculty of Mechanical Engineering of Belgrade University (1994) (Thesis title: Application of Lasers in Welding Machine Constructions with special Emphasis on Spot Laser Welding and Spot Electro-resistant Welding)

Master's studies: Faculty of Mechanical Engineering of Belgrade University (1999) (Thesis title: The Influence of Laser Radiation on the Structural Changes of Bimetal Changes and Multicomponent of Light Metal Alloys)

PhD studies: Faculty of Mechanical Engineering of Belgrade University (1999) (Thesis title: Applying Contemporary Optical Methods in Analysing New Multicomponent Alloys of Non-ferrous Metals)

Field of Teaching, Subjects:

Field of science: technical and technological systems

Subjects

1. Technical means of the police (undergraduate professional studies)
2. Technical means of the police (undergraduate academic studies)
3. Forensic methods of identifying material (specialist academic studies)
4. Forensic engineering (specialist academic studies)
5. Systems of physical-technical protection (specialist academic studies)

Teaching and/or scientific-research title:

Full professor
